Activity

Snowmobiling

From email: Hi, I noticed the [slide](#) that went over the Daisy pass road was labeled natural. We rode over it in the afternoon around 5pm and it hadn't been there when we went over the pass early that morning. We heard from a couple of other snowmobilers that some folks had been skiing up there, parked a sled at the bottom for their lap, then triggered the [slide](#) by [ski cut](#) before they dropped in. The [slide](#) buried their sled and they had to dig it out. Here's a few photos that I took that afternoon."
