Remotely triggered slide near Buck Ridge

Buck Ridge Northern Madison 12/17/2024 Code SS-AMr-R2-D1 Elevation 9200 Aspect Ν Aspect Range N-E Latitude 45.17190 Longitude -111.38000 Notes

We remotely triggered a <u>slide</u> in upper Bear Creek that broke approximately 200 ft away in a gully. It failed ~ 18 " deep on facets underneath the snow that has accumulated since Sunday. It broke in several pockets, totaling around 200 ft wide. There was 12" of new snow at the crown, with 0.7" SWE. The <u>slab</u> contained 1.4" SWE total (which accumulated since Sunday).
