

Another Avalanche on Woody Ridge

Date

Mon, 01/13/2025 - 15:05

Activity

Skiing

Spotted another natural avalanche today on Woody Ridge north of the "KNBs." Northwest facing slope, crown elevation approx 9600'. Ran 1000 to 1200'. Unsure of when it went, we did not notice it this morning only this afternoon on the hike out.

Region

Cooke City

Location (from list)

Woody Ridge

Observer Name

Nick Gaddy
